SUMMARY:

As an enthusiastic and adept Frontend developer with extensive experience in creating responsive and dynamic web applications, I am currently pursuing a B.Tech in Computer Science at Vivekananda Institute of Technology, Jaipur. Alongside my college studies, I am also learning Full stack development. I have successfully completed frontend development and have created several projects, including a blog platform, an Amazon clone, and a personal portfolio site. I am proficient in HTML, CSS, JavaScript, and SQL, and I am committed to continuous learning and delivering high-quality projects.

EDUCATION:

• B.Tech	VIT Jaipur, Rajasthan	2022-Onwards	70%-till 4th Sem
• Senior Secondary	The Cambridge School, Jpr ,Raj	2022	77.80%
• Secondary	The Cambridge School, Jpr ,Raj	2020	83.67%

SKILLS:

- **Frontend Technologies:** HTML, CSS, JavaScript, Bootstrap
- **Tools & Platforms:** Git, NPM, VS Code, Canva
- **Other Skills:** Responsive Design, Cross-Browser Compatibility, RESTful APIs

PROJECTS:

- **E-commerce Websites:** Designed and developed an e-commerce platform featuring product listings, shopping carts and more.
- **Blog Websites:** Built a full-fledged blog platform with user registration, content creation, and commenting capabilities. Implemented using HTML, CSS, JavaScript.
- **Amazon Clone:** Created a feature-rich clone of the Amazon website, incorporating search functionality, product filtering, shopping cart, and user authentication. Used technologies like Html, CSS, and JS.
- **Portfolio Websites:** Developed a personal portfolio site to showcase projects and skills. Focused on responsive design and interactive UI. Built with HTML, CSS, and JavaScript.
- **Parallax websites:** are a type of web design where the background content (i.e., images) moves at a different speed than the foreground content while scrolling. This creates an illusion of depth and a more immersive browsing experience. Parallax scrolling is often used to create visually engaging and interactive websites.

Work Experience:

Electro IT Solutions:

- Acquired practical skills in HTML, CSS, Javascript through comprehensive training
- Build the frontend of an Beverage Order App to showcase the practical application of web development techniques

PROGRAMMING LANGUAGES:

- C
- C++
